for Cloud-Based  
SWIFT Implementation

# Outsource SWIFT Infrastructure and Connectivity for Easy, Secure Access

Connecting to SWIFT can be expensive, complex, and time consuming.

For many financial institutions, maintaining in-house SWIFT infrastructure, expertise, and operational support is cost- and resource-prohibitive. Yet, today's banks need SWIFT access to ensure secure connectivity with other banks around the world and to manage the complexities of multiple international payment types and formats.

Entrust your SWIFT requirements to Eastnets for a cost-effective, secure, and reliable solution.

Eastnets cloud-based SWIFT Hosting gives you the option of outsourcing SWIFT infrastructure, SWIFT connectivity, or both, allowing you to take full advantage of SWIFT services with less internal burden. As a fully accredited SWIFT service bureau, Eastnets SWIFT Hosting is the choice of hundreds of institutions looking to simplify and future-proof SWIFT implementation.

## Eastnets SWIFT Hosting

AVAILABLE OPTIONS:

**Eastnets SWIFT Hosting Shared.** Outsource your SWIFT messaging interface and connectivity through Eastnets Shared Alliance Access Service (SaaS) infrastructure.

**Eastnets SWIFT Hosting Dedicated.** Outsource your SWIFT connectivity and SWIFT messaging interface infrastructure with your own dedicated server. This private hosting solution includes monitoring, support, maintenance, system health checks, services, and upgrades.

**Eastnets SWIFT Hosting Gateway.** Maintain your on-premise SWIFT Messaging Interface while outsourcing SWIFT connectivity products such as Alliance Gateway, SWIFTNet Link, and Hardware Security Modules (HSMs). Reduce IT operations complexity and minimize your investment.

**Eastnets SWIFT Hosting Disaster Recovery.** Increase resiliency and minimize recovery time with SWIFT connectivity backup services.
